

# JENNIFER DUPUIS

PRESIDENT AND CO-FOUNDER OF CARE JEUNESSE

Hello! My name is Jennifer Dupuis. As a representative on the National Council of Youth in Care Advocates, I am motivated by the opportunity to connect with care-experienced people who are focused on a common goal: to improve the lives of youth in care and alumni of care across the country.

I bring a wealth of experience and knowledge to my role with the National Council. As the President and Co-Founder of CARE Jeunesse and a former alumni of care, my work is driven by the organization's mission to create a supportive community for youth in care and alumni of care by providing support in all forms.

“My goal is to create a brighter future for the next generation of care leavers.”

Through the work we do at CARE Jeunesse and the National Council, I hope that young people leaving care have the support and community they need to succeed.

In life, I am most inspired by love, in all of its forms. During my free time, I enjoy spending time with my kids (including my pug), travelling and entertaining.

## ABOUT CARE JEUNESSE

---

Centre Amitié, Ressources et Entraide pour la Jeunesse (C.A.R.E Jeunesse) is a provincial, bilingual non-profit organization created to improve the quality of life in and after care by providing a safe environment for members to connect and form supportive relationships as well as providing advocacy, education, and empowerment opportunities. Founded by alumni of care who have experienced the system first hand, we hope to change the reality for the 1,200+ youth who age out of care in Quebec annually, by providing the guidance and support they need as they explore adulthood, pursue personal and educational goals and embrace independence.
